

WHEN TRUST MATTERS

MSC & MSC CoC Marine Stewardship Council

MSC bleiv stovna í 1997 og er ein "non-profit" felagsskapur ið arbeiðir við at fremja burðadyggan fiskiskap á verðinshøvunum.

MSC góðkent fiskarí

Team leiðari frá CB og P1, P2 og P3 ekspertar. Tað eru hoyringstíðir, har ma. NGO kunnu viðmerkja osfr. – Tað er ein lang tilgongd og tað er kostnaðarmikið at fáa og viðlíkahalda eina MSC góðkenning.

- MSC-góðkenningin byggir á trýggjar meginreglur:
- Fiskiskapurin skal vera á einum støði, sum er **burðardygt** fyri fiskastovnin.
- **Fiskiskapurin skal rekast** á slíkan hátt, at atknýtta **vistskipanin** varðveitir sín bygnað, úrtøku, funkión og margfeldni.
- Fiskiskapurin skal liva upp til staðbundin, landsfevnandi og **altjóða lóggávu og hava eina umsitingarskipan**, sum kann gera rættandi inntriv í mun til broytt viðurskifti og varðveita burðardygdina.

MSC - FISHERY CERTIFICATE

Certificate No.: MSC-F-31402

Initial date: 24 October 2018

Valid until: 24 April 2024

Certificate No.: MSC-F-31402

Valid until: 24 April 2024

This is to certify that the Fishery operations of

FISF Faroe Islands cod, haddock, tusk and ling fishery

Client: Faroe Islands Sustainable Fisheries
Address: Kósarbrúgvín 3, FO-700 Klaksvík, Faroe Islands

has been found to comply with the requirements of

MSC Fisheries Standard v2.01

The certified fishery has the right to claim the fishery is a "Well Managed and Sustainable Fishery", in accordance with the MSC's Principles and Criteria for Sustainable Fishing. Further claims made about the fishery shall be in accordance with rules established by MSC.

This certificate is valid for the following Scope:

Cod (Faroe Plateau cod: *Gadus morhua*), haddock (*Melanogrammus aeglefinus*), tusk (*Brosme brosme*) and ling (*Molva molva*) harvested by demersal trawlers, jigging vessels and small longliners and longliners in ICES Division Vb1 and Vb2 – Faroe Bank and Faroe Plateau – and in a small section of ICES 6a which falls inside Faroe EEZ. Products originating from this fishery are eligible to enter MSC Chains of Custody.

This certification applies exclusively to FISF members, FISF certificate sharers and the demersal trawlers, long-liners and jiggers that deliver to FISF certificate sharers. Certification applies only to these vessels when they are fishing for cod (Faroe Plateau cod), haddock, tusk and ling within ICES division Vb1 and Vb2 – Faroe Bank and Faroe Plateau – and in a small section of ICES 6a which falls inside Faroe EEZ.

Cod (Faroe Plateau cod: *Gadus morhua*), haddock (*Melanogrammus aeglefinus*), tusk (*Brosme brosme*) and ling (*Molva molva*), landed directly to FISF certificate sharers landing facilities are eligible to enter Chain of Custody and carry MSC logo if the fish is supplied and/or sold to members of Faroe Islands Sustainable Fisheries (FISF) and/or its certificate sharers.

MSC Chain of Custody certification will commence from the first point of landing and sale. All further activities from this point will be subject to Chain of Custody certification in accordance with the MSC Certification Requirements. Updated certificate sharers list, and list of eligible landing points, is available on the FISF webpage: <https://www.fisf.fo/fo/partur-av-godkenning/>.

For detailed scope refer to the Public Certification Report available for download at MSC website: <http://www.msc.org/track-a-fishery/certified>.

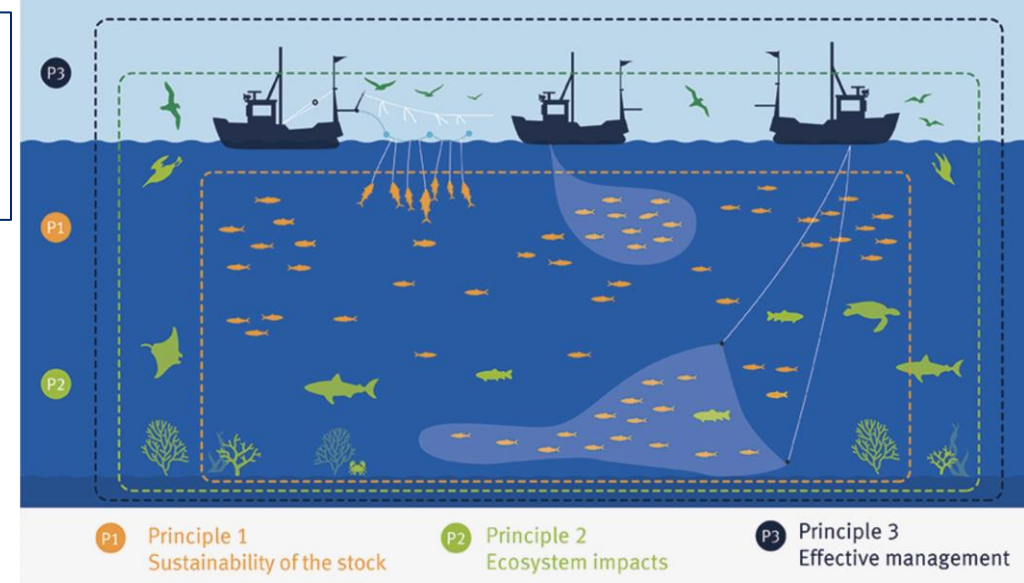

Place and date:
Vimercate, 10 December 2021

For the issuing office:
DNV Business Assurance Italy S.r.l.

What does the blue MSC label mean?

Related Pages

Home > Our approach > What does the blue MSC label mean?

The blue MSC label is only applied to wild fish or seafood from fisheries that have been certified to the MSC Fisheries Standard, a set of requirements for sustainable fishing.

Fish and seafood with the blue label comes from a fishery that has been independently assessed on its impacts to wild
